**Summary information**

This order form is for IDA Pro Computer Licenses only. IDA Pro Computer licenses can be used on a single computer by any user, provided that the simultaneous seat count does not exceed the license seats. In order to benefit from the discounted "additional user" prices for IDA Pro, additional seats have to be purchased at the same time as the initial license they complement.

Renewals are possible for licenses within active support plan and also during three months after support plan expiration. The new one year support period is counted from the expiration date of the old support period. All new licenses entitle the end user to one year of support and free updates.

Purchase orders are accepted from governmental organizations and well known businesses for multiple license orders.
