Summary information

This order form is for IDA Pro Named Licenses only. IDA Pro Named licenses can be used by a single person on as many computers as that person uses. The Name of the licensee will be reflected in the ida.key file delivered with the product. We will not deliver unnamed licenses. IDA Pro Named licenses come with one year of support and free upgrades. Name changes are possible during the support period. In order to benefit from the discounted "additional user" prices for IDA Pro, additional seats have to be purchased at the same time as the initial license they complement.

Renewals are possible for licenses within active support plan and also during three months after support plan expiration. The new one year support period is counted from the expiration date of the old support period. All new licenses entitle the end user to one year of support and free updates.

Purchase orders are accepted from governmental organizations and well known businesses for multiple license orders.
